

SSP Spring Open
Sail Sand Point - Seattle
March 14, 2009

FINAL RESULTS

REGATTA HIGHLIGHTS: What a day! 125 sailors from 13 high schools arrived to rainy Seattle weather. Racing in A-division got underway after a short postponement at 11:30 in a 10 knot southerly. Courses were Windward/Leewards once and twice around, averaging 17 minutes in length. No protests were filed. One breakdown was given for a broken shroud. There were numerous capsizes throughout the day that kept the RC busy. Race 1A was abandoned and re-sailed due to an un-anchored mark. Racing was eventually abandoned for the day during race 3B at 3:00 because of safety concerns. By the end of the day the wind had built to 12-14 knots with numerous higher puffs.

A big thank you to all the teams who made the drive, Sail Sand Point for hosting the event, Bainbridge Island HS for bringing the gear to get six extra boats out, the Portland teams for towing up three FJ's, and Marine Service Center for loaning six FJ hulls.

We wish we could have gotten more races in to make these results official, but mother nature had different plans for the frozen sailors.
